
Quiz not loading

Posted by bhaa33 - 2018/01/27 16:51

I'm unable to create any new quiz or access a created one.

Page keeps loading...

I've tried another browser, I have disabled all the other plugins and still is not loading.

Hello,

What browser do you use? We tried it in Google Chrome and the quiz is opened fine. Create new trivia/personality quiz is also possible without problem:
