
Translation buttons and collect users\' data block

Posted by mfmazzero - 2018/03/03 15:44

Hi there, again!

Where can I translate the buttons "continue", "show results" etc., and the "collect users' data" to my own language (Brazilian Portuguese)?

Please, find attached a print screen of the "collect users' data" block which it needs to be translated into my language.

Thanks in advance.
