
How do I use this quiz I made on my 2nd website?

Posted by mikeiscool - 2018/04/02 05:49

Hi,
I need to use this lonnnnng quiz I made on both my websites.. please tell me I don't have to re-make the whole thing....

I don't want to send people from one website to another so I need to have it hosted on both.

Thanks,
Mike

Hello,

Currently the plugin doesn't support ability to export/import quizzes.

Regards,
ARI Soft
