## Result Personality Email

Posted by zenbaliwebmaster - 2020/04/20 06:58

---

Hi,

Is possible to send the results of quiz personality to admin email? I was to try at ARI Stream Quiz - Settings >> Tab GENERAL >> Configure e-mail parameters :

From e-mail : reservation@oneworldayurveda.com

From name : Oneworld Ayurveda

But we haven't to receive the mail result.

Thank you

Hi,

Is plugin only sending the result to email user?

Thank you.

---

Hello,

The plugin sends email to quiz takers. Administrators can see results on "ARI Stream Quiz -> Results" page.

Regards,  
ARI Soft

Hi,

How about if I add BCC to send email? if it possible, please tell me where is a file of function sending email to add the BCC.

Thanks

Hi I was try to add a script on this section:

```
public function send_mail( $email, $quiz_results ) {  
    if ( empty( $email ) )  
        return false;  
  
    $subject = $this->compose_mail_subject( $this->quiz_meta->send_mail->subject, $quiz_results );  
    $body = $this->compose_mail_body( $this->quiz_meta->send_mail->template, $quiz_results );  
    $options = array(  
        'from' => Settings::get_option( 'mail_from' ),  
  
        'from_name' => Settings::get_option( 'mail_from_name' ),  
  
        'reply-to' => 'email@email.com',  
  
        'bcc' => 'email@email.com',  
  
    );  
  
    return Mail::send( $email, $subject, $body, $options );  
}
```

But is not working for sending to bcc.

Any solution?

Thank you

Hey all!

Has anyone found a solution to this?

I would also like the results to be bcc'd to my admin email (at the moment it is only to the users, but I would like their percentage results too).

Can anyone help?

Many thanks

I've been trying to solve this as well. No luck!

Does anyone know a way to hard code the bcc?
