
Change Blue Background on Results Page Answers

Posted by mrzh - 2021/01/07 03:15

Hi - how do I change the blue background to red on the highlighted answers results page? See attached http://www.ari-soft.com/images/fbfiles/images/Screen_Shot_2021_01_06_at_10.png

Hello,

Open "ARI Stream Quiz -> Settings -> Advanced" page and populate "Custom CSS styles" parameter with the following code:

```
body .asq-theme.asq-theme-buzzfeed .question-completed .quiz-question-answer-selected,
body .asq-theme.asq-theme-buzzfeed .question-completed .quiz-question-answer-selected:hover {background-color: red;}
```

Regards,
ARI Soft

Hi - at first it did not work - but I changed "Buzzfeed" to "Standard" the theme I'm using and it worked. Thank you.

Hi - and ONLY for the highlighted results with the color background around their answers, how can I change the text to white?

Hello,

The other thread is available. In any case CSS rules from that post are below:

```
.button-start-quiz {background-color: green !important;}
```

```
.quiz-actions .button-next-page, .quiz-actions .button-complete-page {background-color: yellow !important;}
```

```
body .asq-theme.asq-theme-buzzfeed .quiz-question-answer {background-color: blue !important;}

.quiz-actions .button-collect-data {background-color: red !important;}
```

Regards,
ARI Soft

The other thread link still says not found. See attached. https://www.ari-soft.com/images/fbfiles/images/Screen_Shot_2021_05_13_at_9.png
The only code that worked, I mentioned on the prior thread before it disappeared, was the start button color.

The post is opened on our side. For some reason it follows to an incorrect URL on your side. We asked the following in the post:

Could you provide a link to a quiz on your site because it can be a conflict with theme/3rd party plugin styles?

Regards,
ARI Soft
