
answer boxes are partly hidden sometimes. Why?

Posted by alejandrow - 2021/03/25 21:33

See the screenshot. Sometimes the answer boxes will be like this? How can this be fixed? And why does it happen?

Hello,

Could you provide a link to a quiz where the problem occurs so we can investigate it? This looks like a conflict with theme/3rd party plugin styles.

Regards,
ARI Soft
