Hello!

Hey!

I have asked a few times for help by e-mail without getting any response.

Here is the address of my test site: <https://lekatec.fi/testi-kysely-1/>

ARI Stream Quiz for some reason not working properly.

ARI Stream Quiz does not show the correct answer and the correct answer information view.

Can you see what's wrong?

Hello,

Sorry for the delay. We will investigate the problem. It looks like a problem with a 3rd party extension.

Update the plugin to v. 1.5.54. It should help to resolve the problem.
