Hello,

Open "ARI Stream Quiz -> Settings -> Advanced" page and populate "Custom CSS styles" parameter with the following code:

```
.button-start-quiz {background-color: green !important;}
```

```
.quiz-actions .button-next-page, .quiz-actions .button-complete-page {background-color: yellow !important;}
```

```
body .asq-theme.asq-theme-buzzfeed .quiz-question-answer {background-color: blue !important;}
```

```
.quiz-actions .button-collect-data {background-color: red !important;}
```

Could you provide a link to a quiz on your site because it can be a conflict with theme/3rd party plugin styles?
