\"Explanation to the question\" colour bar
Posted by MaxInd - 2021/05/20 08:55

_____

Hello,

When I activate the option "explanation of the question", there is a colour bar added on the left side. What is the code formula to change the colour?

Thanks

_____

Hello,

Add the following code to "Custom CSS styles" parameter on "ARI Stream Quiz -> Settings -> Advanced" page:

body .asq-theme .quiz-question-status.quiz-question-correct .quiz-question-explanation {border-left-color: purple !important;}
body .asq-theme .quiz-question-status.quiz-question-wrong .quiz-question-explanation {border-left-color: yellow !important;}

Regards,
ARI Soft
