## DisplayingResults of Personalities Upon Completion

Posted by M.H. - 2021/09/15 16:12

---

Hello  
i m struggling with displaying the results of a quiz with 5 personalities that I would like to present quiz takers upon completion of a quiz on screen:

Orange 2 point  
Yellow 1 points  
Blue 4 points  
Green 3 points  
Brown 1 point

Can you please provide me with the instructions and code for that.  
thank you!  
M.H.

Hello,

Open quiz edit page, enable "Show several personalities on final page" and "Show content only for main personality" checkboxes on "Personalities" tab. Navigate also to "Ari Stream Quiz -> Settings -> Sharing" page and populate "Title on result page" for personality tests with the following value:

{{title}} {{score}} point(s)

Regards,  
ARI Soft
