
unable to load or delete a quiz

Posted by hdhd - 2021/10/13 22:46

Hi,

One of my quiz's isn't loading up for edit and I cant delete it either.

I just get an error - Quiz can not be deleted.

When I try to delete responses from the quiz, I also get an error - can not be deleted.

Any idea on how to fix this or delete the quiz+responses?

Hello,

Could you provide a temporary access to your WordPress backend by email so we can investigate the problem? It looks like a problem with database.
