
Feature Request: Duplicate/Copy Question

Posted by yuyu - 2021/10/15 09:32

In most of my quizzes I have 5 answers - Always, Usually, Sometimes, Occassionally, Never.
And I generally have 5 or more personality types.
So setting this up on each question, with the correct scoring can be a little time consuming.

So if I may request a "Copy Question" or "Duplicate Question" action, please?

You can imagine how much time that would save me. Copy, change question, done.

Anyway, loving the plugin and keep up the great work.
