
API Key when purchased at Code Canyon

Posted by realintegrated - 2021/10/29 18:10

Hello,

I purchased ARI Stream Quiz for WordPress at Code Canyon. I never received an email from you directly, so I don't have an API key and therefore can't add it to receive automatic updates. Can you please advise? I can provide my Code Canyon purchase code if need be.

Thanks,
RI

Hello,

Contact us by email please and we will send an API key.

Regards,
ARI Soft
