
Results are not stored

Posted by lemasi - 2022/01/04 19:32

Hi!

When the customer completes the quiz, the results are no longer showing up on the results page, nor is the email working.

The last 4 months was working normally.

How can we solve this?

Hello,

Could you provide a link to a page where the problem occurs and a temporary access to your WordPress backend by email so we can investigate the problem?

Regards,
ARI Soft
