Hyperlinks in Results Description Do Not Work

Posted by lcheung07 - 2022/05/02 15:08

_____

I want to hyperlink to my site's content in the results description area but when I insert a hyperlink in the rich text description section, the link does not work. It seems to add the link to the site URL. How do I fix this?

_____

Hello,

Could you provide a link to a page where the problem occurs and a temporary access to your WordPress backend by email so we can investigate the problem?

Regards,
ARI Soft
