
Explanation to the question doesnt show

Posted by joy2303 - 2022/06/15 08:11

Today i make new trivia quiz. When i set up to show explanation to question nothing show.
Web page.

Hello,

Open "ARI Stream Quiz -> Settings -> General" page and make sure "Contains parameters for configuration trivia quizzes -> Show result per question" parameter is set to "Immediately after user answer".

Regards,
ARI Soft
