
translation issue

Posted by saphiradmin - 2022/06/23 08:42

hi ari-soft team,

we have purchased ari-quiz dev edition and would like to mention two issues concerning german translation. everything is translated well except the continue button which you use to navigate between pages and the warning message if you do not check the confirmation for data protection ("Confirmation is required") it is still in english (img attached). is there a possibility to fix that?

for your answer im thanking you in advance.

best regards https://www.ari-soft.com/images/fbfiles/images/Screenshot_2022_06_23_103757.jpg

Hello,

Check .po(t) files in /languages/override folder.

Regards,
ARI Soft

u wrote the same answer to my initial question i allready told u that this isnt working... could u reproduce this initial issue and provide me the documentation how u solved this?

thx
