## Same questions Repeat problem

Posted by aamir - 2022/07/29 18:06

---

hi, when a user complete its question and want to play again after completing the questions, the same questions come again into play. Sometimes the set of questions repeats them after play again.. what to do please...?

Hello,

The plugin selects questions randomly and some of them can be repeated. If the whole set is repeated, could you specify are cached plugins user on your site?

Regards,  
ARI Soft
