
main image, button, fb sharing not appearing

Posted by maxprofit - 2022/08/05 00:14

hello

1. NEXT button not appearing below questions for personality quiz. how to make it appear?

2. how to insert an adsense code above NEXT button? if making a button appear is not possible, then how to insert adsense code above the answers, below question?

3. how can I redirect visitors to a separate page after they complete a quiz depending on the result? preferably # seconds after the result page loaded.

thanks

Hello,

1. "Continue" button is supported for trivia quizzes only.

2. The plugin doesn't support this ability. `./ari-stream-quiz/includes/views/quiz-session/tmpl/page_questions.php` template file can be modified and AdSense code be added to it.

3. Currently the plugin doesn't support this ability.

Regards,
ARI Soft
