Hello,

Could you send your 2Checkout order/payment ID?

BTW, instructions how to update free version to PRO is available here.

Good morning,

I have the same problem and cannot find the extension "ARI Stream Quiz PRO".

Could you help me ?

Thanks

The installation process says "All quizzes from free version will be available in PRO version" but that is not true. All quizzes are lost.

Quizzes will be deleted only if "Clean uninstall" option is selected in settings of free version. This option is disabled by default.
