
Privacy Policy GDPR

Posted by pepapinedo - 2023/03/24 16:37

Do you have a GDPR privacy policy link to put on my site? Since the plugin is collecting private info (like name, e-mail, time od sending test, answers etc)

thanks

Hello,

If you want to add some text (including links) before/after lead form then you can use "Custom content management -> Content before lead form"/"Custom content management -> Content after lead form" parameter on "Settings" tab from quiz edit page.

Regards,
ARI Soft
