Hey. Today I bought your plugin on CodeCanyon. I are very glad that you did with fancybox 3 plugin for Wordpress because I wanted to in the coming days to try to implement fancybox 3 on your website.

Quickly develop plugin worthwhile to add integration with Justified Image Grid - Premium WordPress Gallery (<http://justifiedgrid.com>). Now, the small changes in the gallery Justified Image Grid Your plugin supports it but not at 100%.

He'd even integration with Google Analytics or Google Event Tracking.

Good job, probably something notification :)

Hello,

Thank you for your choice of our product and recommendation about integration with Justified Image Grid. We added integration to v. 1.4.1. We sent by email an API key which can be used to enable auto-update.
