_____

I'm looking for solution of this problem:

I have in my MYSQL table the URL with images like:
http://www.xxxx.de/image.jpg

I 'd like to show them on my website, but the URL of the images shouldn't display in browser.
Which plugin should I buy?

_____

Hello,

Do you want to show data from a database in a table or need something another? Do you need it for WordPress or Joomla?

Regards,
ARI Soft
