
Gallery not showing

Posted by sfarmenta - 2017/05/24 18:42

Hi guys... having just one issue with this plugin, my portfolio galleries are not showing in full in the lightbox, have to click each image to appear in.

Appreciate your help on this matter.

Hello,

Could you provide a link to a page with a gallery because it is not clear what gallery plugin you use?

Open "ARI Fancy Lightbox -> Settings" page and populate "Images -> Custom grouping selectors" parameter with the following value:

.ts-image-gallery-wrapper A

You are welcome. If have any ideas how to improve the plugin, feel free to share them with us.

PS: We would be very grateful if you can write a few words about the plugin here.

Regards,
ARI Soft
