Video aspect ratio

Hi,

Is there a way to have video's retain their aspect ratio on window resize?

I will be using lots of Vimeo links and at the moment the video's have black bars left/right or top/bottom, depending on the size of the window.

Thanks
Fred

Hello,

Sorry, but the plugin doesn't support this ability.

Too bad. I was so close to finding the perfect lightbox plugin :-)

Thanks anyway.
