Hello,

Open "Integration" tab on "ARI Fancy Lightbox -> Settings" page and enable "Convert PDF links" parameter. After this all links to PDF files will be opened into the lightbox. Links looks like:

Open PDF doc

Thanks for your quick reply.

I does not work. I use the page builder "Elementor"

and the plugin "WonderPlugin PDF Embed" and there

is no lightbox when go over it.

Best regards,

Matthias

Could you provide a link to a page where the problem occurs so we can investigate it?

Hi,

---

is there a possibility to keep the conversation secret, so that this did not pop up in the public forum?

Regards,

Matthias
