
White line above title

Posted by sktalwar - 2018/02/15 15:50

Hi,

I want to remove the white line above the title as it crosses through my images in lightbox. Could you please suggest how I should go about it?

Thanks.

Hello,

Open "Style" tab on "ARI Fancy Lightbox -> Settings" page and populate "Custom CSS" parameter with the following value:

```
body .fancybox-caption {border-top-style: none;}
```

Regards,
ARI Soft

Thank you for the code. It works beautifully.

How can I make the background of the lightbox totally black? When the image opens in the lightbox, I can see hint of thumbnails in the back. It is distracting.

Thanks
Seema

Open "Style" tab on "ARI Fancy Lightbox -> Settings" page and use "Opacity" parameter to define background opacity. Set it to 1 if want to use background without opacity.

Regards,
ARI Soft
