Hello,

Could you provide a link to a sample page?

Open "Advanced" tab on "ARI Fancy Lightbox -> Settings" page and populate "Custom JS code" parameter with the following code:

```
$('.rgg-imagegrid A.rgg-img').each(function() {  
    var $a = $(this),  
        $caption = $a.find('.rgg-inner-caption');  
  
    if ($caption.length === 0) return ;  
  
    $a.data('caption', $caption.html());  
});
```
