Hi

I installed ARI Fancy Lightbox, it works perfect in wordpress gallery. Is it possible to apply ARI Fancy Lightbox to porfolio gallery? Theme & Porfolio I'm using is:

[http://demo.qodeinteractive.com/bridge12/portfolio\\_page/corpus-college/](http://demo.qodeinteractive.com/bridge12/portfolio_page/corpus-college/)

Best Regards  
Piotr

Hello,

It is not clear how do you want to use the lightbox on the page. When click by a logo nothing happens.
