
Get rid of white box (border)

Posted by cgazzolo - 2018/12/11 22:46

I would like to get rid of the white border around the picture. Either make it transparent or change the color to the background below. Is there an option for this or is it a css setting?

Thanks.

Hello,

Could you provide a link to a page where possible to see the picture with the border?

Open "ARI Fancy Lightbox -> Settings -> Style" page and populate "Custom CSS" parameter with the following code:

```
BODY .fancybox-content {padding: 0;}
```
