_____

Hello,

My clients is using pro version of this plugin. He is using this shortcode :   View Example Application Index

You can check this URL : https://www.diyukimmigrationservices.com/testing/

But popup does not open in new window. Let me know if there is anything.

Thanks
Maharshi

Hello,

It looks like a conflict with your theme. It loads old version of Fancybox jQuery plugin and it causes problems.
