
Panning an image or pdf

Posted by thecaptain00 - 2021/02/05 01:31

Hello,

If would be a great enhancement to be able to pan around a pdf like a zoomed image. If there is an under the hood setting please let me know.

Cheers.

Hello,

Native PDF viewer and PDFJS viewer doesn't support it. It is only possible to zoom in/out document.
