
Version 1.8.10

Posted by Meggsico - 2022/07/31 13:09

Hello support

I bought the ARI lightbox plugin for Wordpress. I'm using wordpress 5.9.3 an ARI Fancy Lightbox version 1.8.10. It works very fine together. Is version 1.8.10 compatible with wordpress 6.0.1?

Thx for your response.

Hello,

It is fully compatible with WordPress 6.x.
