
Plugin update file is too long and can't extract

Posted by alastaircoleman - 2017/10/11 06:03

New pluign update file (.zip) (emailed from Envato Market) is too long and you cannot upload it or extract the files from it.

Hello,

It looks like a problem on Envato side. Check your mail please, we sent an API key to enable updated from our site instead of Envato channel.

Regards,
ARI Soft
