
How to display folder of images?

Posted by neilaj - 2013/02/01 17:23

Hello, I am trying to display a folder of images exactly the way shown in the demo, inside an article. Can you help? I dont see the description setting on Joomla 3. Thanks.

Hello,

You can use "System - ARI Zoom Anywhere" plugin for this purpose. Check that "ARI Zoom" module is installed, "System - ARI Zoom Anywhere" plugin is installed, configured and enabled and place the following plugin into an article:

```
{arizoom activeType="imglist" dir="images/stories" thumbWidth="150"}{/arizoom}
```

In "dir" parameter enter a path to a folder with images.

PS: If you use a WYSIWYG editor, switch it to plain text mode before inserting plugin code.

Regards,
ARI Soft

I am using joomla 3 and even though i changes text filters to no filtering i still get the slashes and i did not use the wysiwig. Can you help me figure out?

```
{arizoom activeType=\"imglist\" dir=\"images/afrocentric\" thumbWidth=\"150\"}[/arizoom]
```

It works fine on our test server. Could you provide a temporary access to your J! backend by email so we can investigate the problem?

Regards,
ARI Soft
