## **{EmptyText} problem**

I have created some image galleries with ARI Zoom, and in my localhost site play perfect.

When I upload my site on the the server, in the place of the image galleries i see the text {EmptyText}.

The single image plays both on localhost and web server

Any solutions? <http://www.ari-soft.com/images/fbfiles/images/problem-0a5f48e4659c0d5afab89aacd9bbe6eb.png>

Hello,

Could you provide a link to a page where we can see the problem and a temporary access to your J! backend by email so we can investigate the problem?
