
ADD A TITLE IN LIGHTBOX IMAGE within article

Posted by skippy - 2011/07/19 18:33

Hi...

I was just wondering if I could add a description or title to a light-box image within an article. The light-box just comes up with the picture and no text.

I am using the ARI SexyLightbox integration

Hope you can help?

Regards, Lee

Here's a screenshot <http://www.ari-soft.com/images/fbfiles/images/1-fe4e52efdd0def488161135af32ee3a0.jpg>

Hello,

The lightbox uses "title" attribute of tag as description. If tag doesn't contain "title", description will be empty.

I have tried something similar, but didn't work

this is what my page looks like. where would it put the title tag?

```
{arimagnify moduleId="61"}{/arimagnify}
```

```
{arimagnify activeType="singleimage" src="images/stories/uploadlee/boots/boots0004NODESCRIP/boot0004.jpg" thumbWidth="300"}{/arimagnify}
```

Download updated version of the extension from "Member Area" and upgrade "ARI Magnifier" module and "System - ARI Magnifier Anywhere" plugin please. New version provides ability to use the next code that define title:

```
{arimagnify activeType="singleimage" src="images/stories/uploadlee/boots/boots0004NODESCRIP/boot0004.jpg" thumbWidth="300" title="Test image"}{/arimagnify}
```

thank you for your help, but I'm not sure if I'll be able to download the update as I think the original extension was downloaded under another user who I no longer have contact with. What should I do?

Sorry, but in this case we can't provide the extension. We can enable access if you provide order number and user name who bought the extension.

Regards,
ARI Soft

I understand completely, I will try and find this information.

Thanks, Lee
